

10/01/2015

Dear Sirs,

We have recently completed our routine review of our obligations under the REACH regulations (Regulation EC 1907/2006)

We can confirm that none of our products contain any substances of very high concern as set out in Annex XIV of REACH legislation.

As a result of our review, it seems our products are exempt from the obligations to register in accordance with article 2 (7) (B) paragraph 7. See enclosed.

As requested by the REACH regulations, we will continue to review periodically for any changes, which might effect or change our obligations and consequently inform you. We do not envisage any problems in the maintenance of supply to our customers.

If you have any queries regarding our REACH matters, please contact me.

Yours faithfully,

A Allwood
REACH co-ordinator for Dean+Tranter Ltd
